NSA Next Gene – eration giveaway – Summer 2023

Terms and Conditions

These terms and conditions apply to the giveaway of:
- Five ram vouchers to be exchange for a Kaiapoi Romney ram (approximate value of £2000) to up to five individual young sheep farmers for their own future use.
- Five rams vouchers value up to £750 each redeemable at an official Dutch Spotted Society sale.

The ram vouchers will be gifted to young sheep farmers, who on 1st September 2023 are aged 35 and under. In the case of the Romney rams, full ownership will be transferred from Kaiapoi Romneys to the new owners. The recipients of the vouchers will be selected following an application and interview process, facilitated by NSA. The vouchers will be given from Kaiapoi Romney/ Dutch Spotted Sheep Society to the recipients, not via NSA.

Terms and conditions

By submitting an entry video you agree to the following:
- I am a UK resident with an active role in the UK sheep sector.
- I understand I am applying to receive a ram voucher from Kaiapoi Romneys or the Dutch Spotted Sheep Society via a giveaway facilitated by NSA. If I am successful, the ram will be gifted to me by Kaiapoi Romneys or the Dutch Spotted Sheep Society (not by NSA).
- If I am one of the successful applicants, I understand the information provided in my application video (and other information I provide e.g. in the selection interview) may be used by NSA, Kaiapoi Romneys, the Frank Parkinson Agricultural Trust, and the Dutch Spotted Sheep Society in press and publicity. I agree to take part in associated press and publicity – including follow up interviews for a minimum of 12 months after receiving the ram.
- If I am one of the successful applicants, I understand no monetary alternative is offered.
- If I am one of the successful applicants, I understand it will be my responsibility to collect the ram(s) from Kaiapoi Romneys (based in Hertfordshire) and safely and legally transport it home/to my flock, or to purchase from a Dutch Spotted Society Sheep sale and it will be my responsibility to safely and legally transport the animal to my home.
- If I am one of the successful applicants, I understand I will take full ownership and responsibility for the animal upon collection and any future associated costs.
- The rams are being given in good faith with a basic veterinary check, but without any recourse if problems are identified after ownership has been transferred.

- If I am one of the successful applicants, I agree to use the ram(s) for a minimum of one breeding season and provide feedback as requested to NSA, Kaiapoi Romneys and the Dutch Spotted Sheep Society.
- If I am one of the successful applicants for the Dutch Spotted ram vouchers I understand the voucher must be used for payment of a ram. The voucher can be put towards the full price of a ram but no monetary offering will be made if the animal purchased is less that the voucher's £750 value.

Data collection
- For all applicants. All information collected within this application form will be stored securely by NSA and used in accordance with the NSA Privacy Policy. It will be shared with Kaiapoi Romneys and the Dutch Spotted Sheep Society but no other third party outside NSA. If you are not an NSA member, by completing this form you are consenting to participate in our Wider Interest Group and we may contact you in the future about NSA topics not directly linked to this initiative. If you are an NSA member, by completing this form you are consenting to us updating our existing information held for your membership subscription.

- For successful applicants: Information about yourself and your farming enterprise, including photographs, will be shared via NSA, Kaiapoi Romneys and the Dutch Spotted Sheep Society communication routes (including but not exclusively, websites, social media channels, press releases, Sheep Farmer magazine and Weekly Email Update). However, NSA, Kaiapoi Romneys and the Dutch Spotted Sheep Society commit to not passing on sensitive data (e.g. your personal phone number and email address) without asking permission first
