**This person is travelling for the essential purpose of caring for sheep /other livestock.**

I ..... declare that I am travelling for the purpose of caring for sheep welfare. I am a farmer / shepherd / sheep contractor / vet / veterinary student / shearer, travelling to ensure welfare, animal care and food production is upheld.

This is essential to ensure food production can continue and animal welfare standards are upheld. In carrying out my work, I will take careful precautions and ensure I maintain a safe distance between myself and others. I am aware of the Government guidelines and am only travelling as it is essential for me to do so.

I will do everything within my power to follow Government and on farm guidelines to limit the spread of disease.
