Conditions of Sale for Vendors & Purchasers

- 1) *The order of sale has been drawn by lot and will be adhered to strictly.*
- 2) *All dogs will be sold in guineas. Commission will be charged at 5% (the guinea) plus VAT.*
- 3) *Entry Fee per dog is £15 + VAT (£18).*
- 4) *All dogs will be shown working on the day only. No guarantee will be given regarding the dogs ability to work or to give equal performance for the new owner. Purchasers will make their bids on the basis of performance of each dog as demonstrated at the point of sale. **All dogs are sold on a non returnable basis.***
- 5) *Vendors giving eye test warranties must lodge authenticated registration certificates with the Auctioneers at time of the sale.*
- 6) *Bitches MUST be clear of pup unless stated to the contrary. Complaints by the purchaser after the sale must be accompanied by a veterinary certificate clearly demonstrating that the animal was in pup at the time of sale.*
- 7) ***Unsoundness*** – *Unless stated to the contrary in the catalogue or at the time of sale, dogs are warranted by the vendor to be free from any unsoundness in respect of teeth, legs and feet (on sale day warranty). In all other respect except in the case of bitches proving to be in whelp the warranty allows 5 days post sale for registration of complaint and 5 days thereafter for supply of veterinary surgeons certificate by the purchaser. Veterinary surgeon's certificates must verify that the dog was carrying the unsoundness at the time of sale. This condition also applies to castrated dogs, spayed bitches and dogs with one testicle or any other known breeding defect. Purchasers satisfying these requirements will be entitled to return the animal with reimbursement together with associated expenses.*
- 8) *If the **vendor** disputes the **purchaser's** claim for breach warranty, the claim shall be referred for decision to the **auctioneers** or to such other person as the **auctioneers** may appoint for the purpose, (in either case the "**referee**"). The **referee**, who shall act as an independent expert and not as an arbitrator, shall make such examination or trial of the animal and such inquiry of such persons as in his sole discretion he considers necessary or desirable for determining the dispute. The referees decision will be final and binding on both parties.*
- 9) *Castrated dogs, spayed bitches, and dogs with one testicle or any other known breeding defect must be declared by the vendor at the time of sale.*
- 10) *Vendors must not pass over dogs to purchasers without prior authority of the Auctioneers.*
- 11) *In the case of registered dogs, vendors must present the registration certificate and a signed transfer form to the Auctioneers before their dog is offered for sale. This is a requirement of the International Sheepdog Society and if not carried out would result in the dog being classed as non- registered. Payment will be withheld for any dog described as registered which of not accompanied by a registration document, until such time as the document is provided. The auctioneers reserve the right to cancel the transaction in the event that ISDS registration rules are not satisfied or that the dog is found to be other than the registered document stated at time of sale. The return of the dog under these circumstances will be at the cost of the vendor.*
